ANNUAL REMARKS

By **H.E. Zin Mar Aung**,
Union Minister for Foreign Affairs,
National Unity Government of Myanmar

The Ministry of Foreign Affairs of NUG (which was established in 2021 April in accordance with the federal charter) has been able to extend the primary functioning of the committee for international relations of CRPH to more versatile relations with foreign governments and Myanmar peoples the globe based on the various expert opinions and the advice of technical know-how.

NUG has persistently stood on the ground of active and independent international relations policy and urged the international community to not recognize the unlawful seizure of power by use of violence in Myanmar and to not give any recognition to the coup leaders.

The NUG has also been working on bringing atrocities and human rights abuses across the country, Indiscriminate attacks on civilians, and war crimes committed by the regime to the international spotlight to hold the perpetrator's account.

Furthermore, we continue our coordinated activities with other respected ministries for raising sufficient and sustainable funds which is significant in keeping our efforts viable and alive. Other engagements with international organizations have also been developed to settle the ongoing humanitarian crisis of internally displaced peoples and refugees.

Last year saw overwhelmingly support and enthusiasm from Burmese people all over the world and the incredible resilience of the local Burmese people in opposing to the military regime was recorded in the history as the symbol of consolidated unity of the Burmese people inside and outside of the country and purely national pride of the country. So, we unwaveringly believe that this year 2022 shall be victorious due to this and we, MOFA are also so much revitalized.

Our ministry here makes a pledge to the people that with all our hearts and minds, we shall continue to be the voice of the people on the international stage.

**OUR MINISTRY
HERE MAKES A
PLEDGE TO THE PEOPLE
THAT WITH ALL OUR
HEARTS AND MINDS, WE
SHALL CONTINUE TO BE

ANNUAL REMARKS

by **H.E. BO HLA TINT**,
Ambassador to ASEAN
The National Unity Government

NUG is the kind of government that was bred by the revolution through all sorts of combinations such as Gen Z protests, the Civil Disobedient Movement, and the participation of all marginalized ethnic and religious peoples across Myanmar.

It is evident that NUG was capable of achieving some considerable improvement in matters such as penetrating into the UN and the international family to get effective international assistance, imposing comprehensive sanctions on the military, establishing internal unity comprising all ethnicity, and institutionalization of formal People Defense Forces.

Despite this, there is still military dictatorship on the one hand and of course some dissatisfaction from our own fellow citizens. I strongly suggest that NUG should make a more practical and clear-guided policy agenda in light of the global and regional political settings in its second year for the sake of annihilating the evil militant rulers.

SUMMARY OF THE NUG MOFA STATEMENT ON MYANMAR MILITARY JUNTA AGENT WUNNA MAUNG LWIN'S VISIT TO CHINA (4 APRIL 2022)

The National Unity Government (NUG) of Myanmar condemns in the strongest possible terms the use of the Ministry title of Foreign Affairs by Military agent Wunna Maung Lwin.

The NUG further observes that any such invitations to Wunna Maung Lwin or other agents of the illegitimate military council to represent Myanmar in any capacity are seen by the Myanmar people as deeply disrespectful and offensive.

While the National Unity Government (NUG) welcomes His Excellency Wang Yi's announcement of China's intention to advance people-to-people bonds and exchanges, the NUG sees clearly that there is no way for the Myanmar people to participate in any such cooperation when they are suffering under the military's ongoing reign of terror being perpetrated across the country.

Adhering to the friendly neighborliness and importance of people-to-people relation, the NUG wishes to stress that it is imperative to respect to desire of the people of Myanmar and listen to the voices of the people of Myanmar. The NUG stands ready to work with the Chinese government towards repairing this damage and building a new type of "pauk-phaw" relations in the future.

DR. TUN AUNG SHWE

NUG Representative to the Commonwealth of Australia

2022 is the critical moment of the Spring revolution. We have to make our effort double this year under the leadership of the National Unity Government. Otherwise, the ongoing revolution would undergo the same destiny as the previous failed revolutions.

MR. LINN THANT

NUG Representative to the Czech Republic

Liberty, Equality, and Justice: It has been a year that National Unity Government has emerged with these three universal principles on minds backed up by the federal charter which was authorized by unprecedented unity of all kinds of stakeholders and CRPH (Committee Representing People House).

It has also marked one year anniversary that I performed my duty as representative of NUG to the Czech Republic. During this moment, some successful milestones were made on the diplomatic front. These all happen due to the sacrifice and continuous struggle of the people including CDMers, PDFs, and EAOs. In order to deliver a successful revolution, each individual shall have to use all the best abilities available in accordance with the guidance set by the NUG. Here I make an oath that we are working our best for more streamlined and effective initiatives to achieve our revolution goals for those who lost their lives, detainees, CDMers, and all our brothers, sisters, uncles, and our relatives.

NAN SU MON AUNG

NUG Representative to the French Republic

To end all kinds of violence, injustice, and discrimination in Myanmar, we must eradicate the junta dictatorship. The determination of Burmese civilians is strong and clear. We will never rest until we achieve our goal, “ Spring Revolution” victory.

We are diverse, but we are united. Hence, we will be there.

We merely need to stick together more than ever and keep fighting.
To Federal Democracy! To Freedom! To Victory!
We shall prevail!

SAW BA HLA THEIN

NUG Representative to Japan

Everyone knows that all of the generals of Myanmar at different times have dishonestly ruled and exploited Myanmar. Our voices do not go unheard. The international community hears our demand for a system that is appropriate for our country. Be mindful of our enemy military’s tricks and Let’s join NUG which is working on the principles of the federal democracy to build a new county of our dream.

OUR FOREIGN POLICY

Adhering to the independent, active and non-aligned foreign policy, the Union aims to establish friendly relations with nations that support the complete abolishment of dictatorship, restoring full-fledged democracy and establishment of federal democratic union in Myanmar in accordance with the international laws and international human rights standards. Recognizing the geopolitics of Myanmar, the Union aims to establish close cooperation with neighbouring countries, ASEAN member states, and nations that support Myanmar’s struggle for democracy and development.

MR. YAN NAING HTUN

NUG Representative to the Republic of Korea

Today marks a very important time for the future of our mother country Burma therefore, we are to make our effort twice than before.

As the saying goes “A good Beginning

is half done”: I unconditionally believe that the Burmese Spring revolution that has started with full support and symbolizes national solidarity shall make its own way to success. Our objectives can only be achieved through the full cooperation among all of us whether we are EAOs, revolutionary forces, NUG and, the ordinary people of Myanmar. In summary, I would like to express my heartfelt appreciation to all the people of Myanmar who are fighting against the repressive military regime. I would conclude by saying this we shall need all the possible continuous cooperation and support until we achieve federal democracy in Myanmar.

MR. MAUNG MAUNG MYINT

NUG Representative to the Kingdom of Norway

The National Unity Government (NUG) of Myanmar, since its inception one year ago, has been fulfilling its obligations to build a peaceful federal union desired by the

people of Myanmar.

Despite all challenges put up by the brutal military dictatorship, the NUG has made significant progress in politics, diplomacy, and defense. While the illegal military council is bringing down the whole nation to become a failed state, the NUG and its democratic allies are doing everything in their capacity to ensure that the dictatorship is defeated, and the nation is saved.

On this auspicious anniversary day, we pledge ourselves to materialize the dreams of our citizens who have sacrificed their lives and well-being in the name of freedom, justice, and democracy.

MR. MAUNG MAUNG AUNG

NUG Representative to the United Kingdom of Great Britain and Northern Ireland

It is true that our revolution is making progress but is yet to go forward. We need to make more efforts, especially from the people in leadership positions.

“The army of Min Aung Hlaing is now standing at the lowest disgraceful status in Myanmar history without international recognition and thus excluded out of the room.

We can make it happen.

Let’s make an extra effort to end this struggle sooner.

DR. THET KO KO

NUG Representative to the United Kingdom of Great Britain and Northern Ireland

I believe that freedom and individual rights are sacrosanct, not to be discarded or disregarded by the whim of a totalitarian ruler.

The people of Burma are ready to realise our dreams of a free, fair, inclusive society in the form of a federal democratic union.

Eight hundred years ago, the Magna Carta proclaimed that we will not deny or defer to any man either Justice or Right. I am determined to bring this aspiration to fruition in modern Myanmar.

BALANCING THE CHALLENGES, WORKING TOWARDS THE SOLUTION

by DR. TUN AUNG SHWE

PEACE, STABILITY, AND PROSPERITY CAN ONLY BE ACHIEVED BY THE ELECTED CIVILIAN GOVERNMENTS.

16 April 2022 marks the one-year anniversary of the National Unity Government (NUG) of Myanmar and its Ministry of Foreign Affairs. In the international context of the NUG's diplomatic war, led by the Ministry of Foreign Affairs, there were some geopolitical shifts in contemporary Indo-Pacific region in 2021, many of which are significant, and it affects Myanmar which is located at the heart of the strategic location of the Indo-Pacific region.

One of the most influential movements in the Indo-Pacific region in 2021 is the new US Indo-Pacific strategy. To strengthen this strategy, the United States, Japan, Australia, and India's Quadrilateral Security Dialogue (QUAD) has woken up in 2021 after a 12-year hiatus. For the first time in 14 years since its inception, the QUAD Leaders' Summit was held in March 2021. In addition, the trilateral security pact (AUKUS) of Australia, UK and the US emerged on 15 September 2021 to further balance the military power

in the Indo-Pacific region. The United States National Defence Authorization Act (NDAA) has significantly increased US commitments to Myanmar, and the US's House of Representatives recently approved the Myanmar Unified through Rigorous Military Accountability Act of 2022 (MYANMAR Act of 2022).

On the other hand, in response to these moves, China met the Myanmar military's foreign affairs minister on April 1, 2022. This shows a signal to the world that China would support the junta. Four days before the meeting, during the Armed Forces Day ceremony on March 27, 2022, military leader Min Aung Hlaing said he would not speak to NUG or CRPH. He added in his speech that he would fight to eradicate it. It can be considered as a statement based on the open support of the Chinese government. Based on his speech, the call for an immediate end to the violence; to hold constructive discussions; ASEAN to mediate the discussions; The three issues that were

agreed upon by ASEAN leaders and supported by the Western Governments are now in uncertain state.

From China's point of view, Myanmar is its only outlet to the Indian Ocean and the ocean is vital to China's strategy for energy security to sustain China's economic growth. In addition, the Rare Earth, it is today's strategic raw material on the world and China is accounted for 60% of global production in 2021 and half of its raw materials came from Myanmar. Under the Chinese government's foreign policy, which is entirely based on national interests, Myanmar is under constant watch for the interests.

Observers say the sudden change in the Chinese government's stance on Myanmar is a direct response to the Indo-Pacific strategy of the US. On the other hand, it can be considered that the Chinese government has significantly recruited the junta in the face of Russia's invasion of Ukraine today. There are also

THE YEAR WILL COME WHEN THE BALANCE BETWEEN THE INTERESTS OF THE REVOLUTION AND THE INTERESTS OF A FUTURE DEMOCRATIC FEDERAL UNION WILL BE MORE PRONOUNCED.

speculations that the Myanmar junta has more confidence in Russia than in China and the relationship between the Myanmar junta and the Russian government is much broader than that of the Chinese government. Observers also say one of the Russia's interests in Myanmar is the Indian Ocean. This could be considered as a sign that China does not like Russia's attitude towards Myanmar.

As these international politics have a significant impact on the internal resistance to the revolution, the diplomatic front of the NUG will be more important this year than last year and will need to be handled quietly and with special care.

Moreover, Myanmar borders China's traditional rival India. Myanmar is again at the heart of Indian Prime Minister Narendra Modi's Act East Policy, which emphasizes defence cooperation. Today, due to the effect of this policy, the Indian

government is paying close attention to the Myanmar military junta.

The governments of India and China are actually aware of the consequences of political instability throughout the 60-year history of the Myanmar military's involvement in politics since 1962. If Myanmar can establish a true democratic federal state and the country is peaceful and stable, then the interests of China and India on Myanmar will be at their best. Myanmar will be an excellent ground for a good implementation of India's Act East Policy. Myanmar can do its best to help develop the North-eastern states of India. Peace and prosperity in Myanmar Stability will help China's energy security too. Hence, both the leaders of India and China need to accept and believe that peace, stability, and prosperity can only be achieved by the elected civilian governments.

Even though geopolitical movements in the Indo-Pacific region have directly or indirectly affected Myanmar, the entire international community has put ASEAN at the forefront of resolving the Myanmar's issue. Significant results have

yet to come as the five-point consensus of ASEAN leaders nears its one-year term. The junta does not care about ASEAN at all as everyone has seen the neglect. Cambodian Prime Minister Hun Sen, who is chairing ASEAN this year, said he had raised the issue of Myanmar on 16 February 2022. However, he said it would probably fall into the hands of his successor as there is no prospect of the resolution in near term. Meanwhile, the NUG is keeping its door open to ASEAN.

2022 will be the biggest challenge to the NUG's foreign policy and implementation. Amongst the differences of opinions and interests on Myanmar by the International community, in a sensitive context, the interests of Myanmar and its people are at stake. Therefore, this year could be the year when balancing between the interests of the revolution and the interests of a future democratic federal union will become more obvious and noticeable.

SUMMARY OF THE NUG STATEMENT ON THE DETERMINATION BY THE UNITED STATES GOVERNMENT OF GENOCIDE AND CRIMES AGAINST HUMANITY AGAINST THE ROHINGYA (22 MARCH 2022)

1. The National Unity Government (NUG) welcomes the determination by the United States Government on Rohingyas Genocide.
2. The NUG acknowledges that discriminatory practices and rhetoric against the Rohingya also laid the ground for these atrocities. The impunity enjoyed by the militarys leadership has since enabled their direction of countrywide crimes at the helm of an illegal military junta
3. The NUG stands by its Policy Position on the Rohingya in Rakhine State issued in June 2021. The Policy commits to the safe, voluntary, dignified, and sustainable return of Rohingya refugees and internally displaced persons, and to comprehensive legislative and policy reform in support of citizenship, equality in rights and opportunity, and justice and reparations.
4. The NUG encourages the United States to support the United Nations Security Council to refer the situation in Myanmar to the International Criminal Court (ICC).

SUMMARY OF NUG MOFA STATEMENT ON THE OUTCOMES OF THE VISIT OF ASEAN SPECIAL ENVOY TO MYANMAR (21 MARCH 2022)

1. The National Unity Government (NUG) acknowledges the visit of the Special Envoy of the ASEAN. The NUG reiterates its commitment to engage with and support the Special Envoys mandate to facilitate the implementation of the ASEAN Five-Point Consensus (5PC). However, it is deeply disappointed that the Special Envoy failed to meet with all parties concerned, as required by the 5PC.
2. The NUG urges the Special Envoy to confirm at the earliest opportunity his upcoming schedule and planned meetings with the NUG and other parties concerned.
3. The NUG welcomes this recognition by ASEAN that the militarys atrocities are decades old and that past failures of accountability have perpetuated current crimes. Now is ASEANS opportunity to correct historic missteps by genuinely supporting the will and interests of the Myanmar people.
